

Swan Bay Rediscovery L'aanaa Dagang.a

A unique and enriching experience.

The new skills learned and experiences shared together last a lifetime.

Swan Bay Rediscovery Program is a cultural camp where youth learn about Haida cultural skills and knowledge while acquiring new life skills, self-esteem and confidence.

HAIDA GWAI, CANADA

WELCOME TO OUR CAMP

Located on Haida Gwaii, on the Northwest coast of British Columbia our Swan Bay Rediscovery Program is a cultural camp where youth learn about Haida cultural skills and knowledge while acquiring new life skills, self-esteem and confidence. With traditional Haida values at its centre, youth at the camps participate in a variety of activities designed to challenge, teach and nurture. Everyday we learn about the outdoors, the ecology of Gwaii Hanaas, Haida culture, survival skills, cooking skills, navigation skills, etc.

We play games, swim, hike, sing Haida songs, dance and weave cedar bark. We learn from elders as well as visit archaeological sites and Haida heritage sites. It is a combination of the programming, the staff and the location of the camps that allow youth to shake free from their lives and really grow and change in the time that we are together. They experience first hand the wonder, beauty, cultural history and wild foods of Haida Gwaii.

Our Swan Bay Redicoverly Program welcomes all interested youth, the trips run in July and August for pre-teens, teens and special leadership courses. All of our staff are highly trained and experienced with a participant to leader ratio of three-to-one.
